 6. Proceedings of the 47th meeting of the Board of Directors held on 29.06.2019 vide A.I. No23-06/2019.

ORDER

E-tender was invited by the Chief Engineer (Civil Construction) South for the Hot dip galvanization of 6800 MT of 'A' poles, using single dip method vide e-tender No. CECCS/02/2018-19 dated 22.11.2018. Since only one bid was received even after the expiry of extended period, it was decided to cancel the tender and re-tender was invited. M/s. TJSV was the lone bidder quoted in the re-tender, who does not meet the technical qualification criteria of 14m length of bath and hence the bid was rejected.

Considering the practical difficulty in getting firms having technical qualification criteria of 14m length of bath, the Board vide B.O. read as 1st paper above, accorded sanction to the Chief Engineer to invite e-tender for the galvanization of 'A' poles having length up to 14m in single dip or double dip method.

Accordingly, e-Tender for the subject work was invited by the Chief Engineer (Civil Construction) South vide e-Tender dated 13.02.2019 by giving wide publicity as per norms. The estimated PAC was Rs 11.5 crore (including 18% GST). As only one bid was received during the original and extended bid submission period, it was decided to cancel the bid and the work was re tendered.

Re-e-Tender read 2 above was invited on 19.03.2019. This time also single bid was received and is opened on 05.04.2019. M/s. TJSV Steel Fabrication and Galvanizing (India) Ltd, Udumalpet, Tirupur District, Tamil Nadu –642 201 is the lone bidder quoted for the work. The pre-qualification committee held on 29.05.2019 decided to pre-qualify the firm and to open the price bid of the above bidder. The Price bid of the bidder M/s. TJSV Steel Fabrication and Galvanizing (India) Ltd was opened on 31.05.2019 and the quoted amount was Rs.32,01,66,300/- excluding GST and Rs.37,77,96,234/-

including GST@ 18%. The contractor was requested to reduce the exorbitant rate quoted for the work, while comparing with the present market rate of Zinc, labour and material cost, and to offer rock bottom rate along with rate analysis.

In reply to this, M/s. TJSV Steel Fabrication and Galvanising (India) Ltd. has informed that, considering the increase in the cost of loading and unloading charges, transportation etc. their revised offered price for Galvanizing fabricated 'A' poles up to 14m is Rs.37,000/- (Rupees thirty seven thousand only) per MT, as against their original quoted basic rate per MT of Rs.47,000/MT, Rs.47,100/MT and Rs.47,200/MT at Pallom, Angamaly, and Kolathara respectively provided, the offered price is applicable only if the contract for the Galvanization of Line materials is awarded to them. Later they have further reduced the rate to Rs.35000/MT for A poles of length 10 m to 12m and for 13m to 14m poles the rate is Rs 37,000/MT. Now, the reduced quoted amount will be Rs.23,93,64,000/- excluding GST.

The Chief Engineer (Civil Construction) South vide note read as 4th paper above requested decision to award the subject work to the lone bidder M/s TJSV Steel Fabrication and Galvanizing (India) Ltd at their reduced quoted amount.

The matter was discussed in detail together with remarks of Financial Adviser vide remarks read as 3rd paper above, in the meeting of the Full Time Directors held on 24.06.2019 and the Full Time Directors resolved to place the matter before the Board of Directors.

Accordingly, the matter was placed before the Board of Directors vide note read as 5th paper above and the Board of Directors in its 47th meeting held on 29.06.2019 (Agenda No.23-06/2019) discussed the matter in detail and

RESOLVED to accord sanction for awarding the work" "Hot dip galvanization of 6800 MT of 'A' poles fabricated at the Mechanical Facilities of KSEB Ltd. having length up to 14m in single dip or double dip method" to the lone bidder M/s TJSV Steel Fabrication and Galvanizing (India) Ltd at their reduced quoted amount of Rs.23,93,64,000/- (Rupees Twenty-Three Crore Ninety-Three Lakh Sixty-Four Thousand only). GST would be paid extra at applicable rates.

RESOLVED further to explore the possibility of purchasing readymade galvanised A pole and assess difference in cost between the present galvanised item and readymade item to take decision in a phased manner to discontinue the fabrication process within KSEBL's mechanical facilities.

Orders are issued accordingly. The Chief Engineer (Civil Construction) South shall take further necessary action in this regard.

By Order of the Director Board
