ABSTRACT

Replacing H type tower after dismantling H type tower at location 12 of 110 kV FACT CD feeder under Transmission Circle, Kalamassery – Request for tender excess – Sanctioned - Orders issued.

Corporate Office(SBU-T/SO)

B.O.(DB)No.691/2019/D(T&SO)/T2/KLSY/FACT CD feeder/2019-20 dated, Thiruvananthapuram, 07.09.2019

- Read : 1. Note no. D(T&SO)/T2/KLSY /FACT CD feeder/ 2019-20 /14.08 .2019 of Chairman & Managing Director
2. Proceedings of the 48th meeting of the Board of Directors held on 22.08.2019 (Agenda : 09-08/ 2019)

ORDER

The Chief Engineer, Transmission South has reported that one number, 'H' type tower, existing at location 12 of 110kV, FACT-CD feeder is observed to be in unsafe situation presently due to sinking associated with damage of tower foundation. This being a very critical transmission line under the jurisdiction of Transmission Circle, Kalamassery, feeding power supply to important EHT consumers, such as FACT, Petronet and BPCL etc is presently secured with temporary stays and supports.

Accordingly, an estimate amounting to Rs.7,40,000/- (including GST) was sanctioned by the Executive Engineer, Transmission Division, Kalamassery, and the labour part of the same was having a PAC amounting to Rs.4,97,571/- (Rs. 5,87,133/- including GST).

The Assistant Executive Engineer, Transmission Sub Division, Kalamassery invited tenders for the work on 19.09.2018 and re-tendered thrice . During the stages of re-tendering, there occurred reluctance from the part of contractors since the referred work is to be executed at a very tough location, that is, at Chellippadam, having practically zero access through road or land. The transportation and storage of materials required for the work are extremely difficult at the work site. Still based on continued insistence from KSEBL, two bidders participated in the third re-Tender. The L1 bidder quoted 59.89% above estimate rate .

Sri. Vishnuduth.V.S, Valiyakulam House, Cherai.P.O, Ernakulam, the lowest bidder, after negotiations conducted by the Deputy Chief Engineer, Transmission Circle, Kalamassery reduced the rate to 59% above estimate rate . Further negotiations were conducted from the office of Chief Engineer (Transmission South) . But the lowest bidder conveyed his inability to reduce the rate further in view of the hike in material cost and labour and difficulty to execute the work in rainy season. The total contract amount is Rs 7,91,138/- + applicable GST extra . The transportation and storage of materials required for the work are extremely difficult at the work site and hence the chances for getting a better offer on re-tendering is very remote .

Considering that the work was tendered thrice and the urgency of works, the Chief Engineer (Transmission south) has requested sanction to award the work in favour of the lowest bidder, Mr. Vishnuduth.V.S, Valiyakulam House, Cherai.P.O, Ernakulam for the final negotiated rate of 59% above PAC. The total contract amount is Rs. 7,91,138/- (Rupees Seven lakh Ninety One Thousand One Hundred and Thirty Eight) + applicable GST extra.

As per the Clause 2.07 of the prevailing Delegation of Powers, the FTD can accept tenders for works with 10% excess over sanctioned estimate. The Full Time Directors in the meeting held on 02.08.2019 examined the matter and recommended to place before the Board of Directors for a decision (Agenda 1/8/19).

Having considered all the aspects as per note read as 1 above, the Board of Directors in the meeting held on 22.08.2019,

Resolved to accord sanction for awarding the work for replacing the H type tower after dismantling the existing H type tower at location 12 of 110 kV FACT CD feeder under Transmission Circle, Kalamassery to the lowest bidder, Mr. Vishnuduth.V.S, Valiyakulam House, Cherai.P.O, Ernakulam for the final negotiated rate of 59% above PAC based on DSR 2016. The total contract amount is Rs. 7,91,138/- (Rupees Seven lakh Ninety One Thousand One Hundred and Thirty Eight) + applicable GST extra.

Orders are issued accordingly.

By Order of the Director Board,
