ORDER

The Chief Engineer(IT, CR & CAPs) as per note read 5 above reported that as part of implementation of IT projects under Part-A of RAPDRP and Non-RAPDRP, M/s Airtel was selected as the Primary Bandwidth Service Provider for establishing connectivity across various offices (Electrical Sections, Electrical Divisions and Electrical Circles) of KSEBL. Since a large number of Electrical Section Offices are functioning in rented buildings, shifting of these offices happen occasionally. Hence the bandwidth service provider is directed to shift their MPLS/VPN link to the new office premises.

The Chief Engineer(IT, CR & CAPs) also reported that about 99 number of Airtel links are pending to be shifted to the new location from last two years in which work for certain links were started and were in progress . According to the request of KSEBL M/s Airtel has evaluated the feasibility of various locations and has intimated that RF links are feasible at all locations and as per letter dated 22/08/2019 read(4) quoted an amount of Rs.58,91,085/+GST- for 99 number of sites. More shifting cases are also expected during the contract period, ie. upto 18.07.2021. M/s Airtel has offered a rockbottom amount of Rs. 48,00,000/- +GST for shifting the links . As per the revised offer, the shifting charges for 99 number of links will be Rs. 38,01,600, ie, a reduction of 35 % from the earlier quoted amount. Provision can be given to 26 additional expected RF shifting cases since M/s Airtel has offered an average charges for expected offices also. Hence balance amount may be released subsequently after completing the expected sites.

As the shifting of offices is a continuing occurrence and connectivity based on MPLS/VPN is essential for the smooth functioning of the Electrical Section Offices, the Chief Engineer(IT,CR & CAPs) recommended to accord sanction for shifting of 99 number of Airtel links where RF link to be provided at an amount of Rs. 38,01,600/- (Rupees Thirty Eight lakhs One thousand and Six

hundred) +GST only and for the shifting of additional RF links at a cost of Rs. 9,98,400/- (Rupees Nine lakh Ninety Eight thousand and Four hundred) + GST only.

Having considered the matter in detail, the Full Time Directors in its meeting held on 23.10.2019, resolved to accord sanction for shifting of 99 number of Airtel links where RF link is to be provided at an amount of Rs. 38,01,600/- (Rupees Thirty Eight lakhs One thousand and Six hundred) +GST only. Further resolved to accord sanction for 26 additional expected RF shifting cases for the amount of Rs. 9,98,400/- (Rupees Nine lakh Ninety Eight thousand and Four hundred) + GST only.

Orders are issued accordingly.
