ORDER

The Chief Engineer (Transmission North) has reported as per letter read as 1st above that Transmission Construction Section, Mylatty under Transmission Circle, Kannur was formed during 07/2015 for carrying out the upgradation of 110kV Mylatty-Thodugoli SC line to DC line. Conversion work from Vidyanagar to Attegoli and Mortana to Thoudugoli was already completed. Attegoli-Mortana portion was kept pending due to shortage of power from Mylatty Substation during summer.

The Deputy Chief Engineer, Transmission circle, Kannur has reported that the work has been resumed. Further the upgradation of Mylatty-Vidynagar SC line to MCMV line is also awarded and survey work is in progress. At present the vehicle available at Line Maintenance Sub Division, Mylatty is being shared by Transmission Construction Section Mylatty. The construction activities have to be carried out through remote areas and a vehicle is exclusively required for monitoring the work.

In this regard, Chief Engineer (Transmission North) has requested sanction to hire a vehicle (Diesel Jeep) for the use of Transmission Construction Section Mylatty with a monthly km ceiling of 1500km for a period of one year/till the completion of the works, whichever is earlier by charging the expenditure to the Mylatty-Vidynagar upgradation work.

The matter was placed before Full Time Directors as per note read as 2nd above. Having considered the matter in detail, the Full Time Directors in the meeting held on 02.11.2019,

Resolved to accord sanction for hiring a vehicle (Diesel Jeep) with driver on monthly contract basis for the use of Transmission Construction Section, Mylatty with a monthly kilometer ceiling of 1500 km for a period of one year/till the completion of the works, whichever is earlier by charging the expenditure to the Mylatty-Vidynagar upgradation work.
