NOTICE

Long Term Statutory Training Program for Power Engineers at PETARC – Batch X - Inviting nominations of Trainees

PETARC has been conducting Long Term Statutory Training Program for Power Engineers as per CEA Regulations 2010. This 15 months training program is conducted as per the syllabus approved by the Central Electricity Authority. Eight batches have already completed this training successfully and Batch IX is expected to complete the training in October 2013. Training for the Tenth Batch is proposed to commence from November 2013 and to complete by January 2015.

Assistant Engineers (Electrical) with minimum 10 years remaining service are invited for attending the training. Minimum qualification is Diploma in Electrical Engineering with high Second Class.

The training schedule consists of 15 modules of 10 days duration each month. The course covers all aspects of Generation, Transmission and Management topics. This includes tutorial sessions at PETARC, Inplant sessions at major Generating Stations, Sub Stations, Load Despatch Station and Relay Wing. Field visits to NTPC, TELK, BDPP and various Power Houses of KSEB are also a part of this training. Eminent and expert faculties of Board and other prestigious institutions in power sector are conducting the sessions.

The selected candidates are required to execute an indemnity bond to the effect that the participants shall serve in any Generating Station for not less than two years immediately after the training or they shall pay Rs. 1,00,000/- to the Board, if any breach occurs.

Those who are interested to attend this training may send their nominations through proper channel to the Director, PETARC, Moolamattom **on or before 31.07.2013.**
