ORDER

Several requests have been received from Contract Meter Readers engaged at various offices under Distribution wing for revision of rates. The present remuneration of contract Meter Readers are as per work norms specified in B.O. read as 1st paper above.

Vide letter read as 2nd paper above, a Committee had been constituted to study the impact of implementation of PDA in Electrical Sections, identifying means to modify the duties and functions of employees who have lessened work loads owing to the introduction of PDA, and for re- fixing the work norms of Meter Readers.

The Committee has recommended to re-fix the work norms of Meter Readers and the proposal is under discussion with the Trade Unions. Revising the norms can be done only after discussions and this is expected to take some time. Considering the plea that no revision in rates were made since 2014 and considering the present inflation rates, the matter was placed before the FTD for a decision vide note read as 5th paper above.

Having considered the matter in detail, the Full Time Directors of the Board in its meeting held on 03/10/2018, resolved to sanction 10% hike from the present rates for preparing estimates for engaging personnel on work contract basis as Meter Readers in Distribution wing.

Orders are issued accordingly.
