

केंद्रीय विद्युत प्राधिकरण
Central Electricity Authority

This has reference to CEA Regulations vide Notification No. 12/X/STD(CONN)/GM/CEA/2018 dated 06.02.2019 on registration of Power Projects through E-Registration portal.

1. The said Regulations mandated that ***“the user or requester, as the case may be, shall get its generating unit or station of such capacity and with effect from such date as specified by the Authority, registered and get on ONLINE generated Unique Registration Number from the Authority”***.

2. In this regard, the E-Registration portal is in the process of operationalization and till such time the status-quo may be maintained and any generating unit or station making a request for connectivity shall be allowed to be connected into the Grid after completing all necessary technical compliances. The provision of the said regulations shall be made operational only once the Authority notifies the date of operationalization of the E-Registration portal.

This issues in order to clarify the provision made in CEA regulations for connectivity.
