No. DGC/AEE II/General/2023 / 147

Date: 09.11.2023

**Circular**

Sub : Execution of civil Works in KSEBL- Submission of Reports to Chief Technical Examiner-  
Strict Compliance- reg

Ref: 1. G.O (P) No.590/15/fin dated 28.12.2015

2. G.O. (P) No. 167/2020/FIN dated 31.12.2020

3. Circular No. 40/2021/Fin dated 30.04.2021

The Government as per the order cited (1) and (2) above had issued detailed guidelines for reporting of works to the Chief Technical Examiner for arranging an independent inspection. The field offices in the construction wing of KSEBL are also following this.

But now it is noted that in case of certain urgent works, the above orders are not seen strictly followed.

Hence all field offices in the construction wing of KSEBL shall report all the works requiring pre-measurement, temporary construction such as rock bund, ring bund etc. which requires demolition at a later stage, strictly to Chief Technical Examiner, before and after construction, as per the directions in the Govt order cited (1), (2) & circular cited (3). The temporary construction after demolition shall also be reported to the Chief Technical Examiner so as to ensure transparency in execution of public works. The above instruction shall scrupulously be followed in all construction works in future.

**Secretary (Administration)**
