

ABSTRACT

Adyanpara SHEP-Formation of kutcha road over newly constructed retaining wall to the isolated plot of Sri.Hyderali Nalakath-Sanction accorded-Orders issued.

Corporate Office (SBU-G/E)

BO (FTD)No.904/2022(DGE/G3/Adyanpara-Road) 267 Thiruvananthapuram,Dated: 16.11.2022

Read: 1. Letter No.CEG/AE(C)/Civil-Gnl/TSR/2022-23/1013 dated 11.10.2022 of the Chief Engineer (Generation).
2. Note No. DGE/G3/Adyanpara-Road /2022-23/150 dated 28.10.2022 of the Director (Generation-Electrical) (Agenda item No.11/11/22).

ORDER

The (3.5MW) Adyanpara SHEP was constructed in the land area aquired from several private parties (5.7448 Ha) in the locality, which includes the land of Sri.Hyderali Nalakath also. While constructing the penstock route, the remaining land of Sri.Hyderali Nalakath was divided into two parts in which one part has no access to public road. Up on request, KSEBL had constructed a narrow iron bridge crossing the penstock which connects the weir road to the said land portion. The owner then complained about the inconvenience of transportation/conveyance due to insufficient width of the bridge. Many options were also tried to find a solution which were not implemented due the huge expenditure. Later, Sri. Hyderali complained in the adalath held in the year 2020 and obtained order to purchase some private land adjacent to the boundary of his land area and construct a road through this land at KSEBL's cost. Unfortunately, the idea had dropped midway. Various discussions were also made in this case to find a suitable solution, at higher level including that of the Minister.

Due to the flood and land slide occurred in that area during 2017 to 2019 a retaining wall was constructed near to the power house building and it is proposed to construct a Kutcha road around 75m length to the isolated plot over the newly constructed retaining wall for connecting the isolated property of Sri Hyderali Nalakath. For this a small mount about 4.5m height above the said retaining wall has to be demolished which will be helpful to protect the power house from further land slides in this area.

Considering the need of arriving at a solution to a long pending issue, the Chief Engineer (Generation) as per letter read as 1st above has forwarded an estimate amounting to Rs.10,00,000/- (Rupees Ten Lakhs) and requested sanction for the same for constructing a Kucha road to the isolated plot of Sri Hyderali Nalakath over the newly constructed retaining wall at Adyanpara SHEP.

The matter was placed before the Full Time Directors as per note read as 2nd above.

Having considered the matter in detail, the Full Time Directors meeting held on 04.11.2022 resolved to accord sanction to an estimate amounting to Rs.10,00,000/- (Rupees Ten Lakh) for constructing a Kucha road to the isolated plot of Sri Hyderali Nalakath over the newly constructed retaining wall at Adyanpara SHEP.

Orders are issued accordingly.

**By Order of the
Full Time Directors**
