Corporate Office (SBU-G/E)

BO (FTD)No.903/2022(DGE/G3/vehicle for LP) 266

Thiruvananthapuram, Dated: 16.11.2022

- Read: 1. Letter No.CEG/AE-i/Vehicle/2022-23/1082 dated 26.10.2022 of the Chief Engineer (Generation) and the accompaniments.
2. Note No. DGE/G3/Vehicle for LP/2021-22 /151 dated 29.10.2022 of the Director (Gen.-Ele.) submitted to the Full Time Directors. (Agenda item No.16/11/22).

ORDER

The Chief Engineer (Generation) as per letter read as 1st above has reported the deteriorated condition of the vehicle, Mahindra Make 1994 model Diesel jeep bearing registration number KL6/611, being used at the switchyard & auxiliary Sub Division, Lower Periyar Power House which has completed 28 years of service and requested for the procurement of a new vehicle in place.

Also reported that the 1st re-registration of the vehicle was done in 2009, 2nd re-registration was done in 2014 and the last re-registration was done in 2019. For the proper upkeep of the vehicle, the overhauling of the vehicle such as engine overhauling, repairing of gear box, patch works of the body, painting work etc. has to be carried out and a huge amount is required for the same. Moreover, repairing of this old jeep incurring a huge amount may not give sufficient extended life. Being a remote hilly area, getting a vehicle on hire is difficult as chances of getting a hired vehicle in this area is remote and also the services are unreliable.

Further reported that the maintenance, repair and replacement of equipment at switchyard are mostly carried out departmentally and during the maintenance, a pick-up vehicle for transporting spares, materials, ladders, ropes, tools and other equipment from store room to switchyard is inevitable. In addition to the attending of operation and maintenance works of switchyard and auxiliary sections, the vehicle is used for arranging purchase of materials, spares & equipment for switchyard & auxiliary sections and for the use of switchyard & auxiliary subdivision, Lower Periyar Power House.

Considering the above, the Chief Engineer (Generation) has forwarded an estimate amounting to Rs.11,00,000/- (Rupees Eleven lakh only), for the procurement of a new pickup type vehicle MAHINDRA BOLERO CAMPER GOLDZX BS-VI, for switchyard & auxiliary subdivision, Lower Periyar Power House for replacing the 28 year old Mahindra jeep. Provision for registration, Tax, Insurance etc. are also given in the estimate. Also, suggested for survey reporting of the existing Jeep after getting the new vehicle.

The matter was placed before the Full Time Directors as per note read as 2nd above.

Having considered the matter in detail, the Full Time Directors meeting held on 04.11.2022

Resolved to accord sanction to the Chief Engineer (Generation), Moolamattom for the procurement of a new pick up type vehicle MAHINDRA BOLERO CAMPER GOLDZX BS-VI for the use of switchyard & auxiliary subdivision, Lower Periyar Power House at an estimate amounting to Rs.11,00,000/- (Rupees Eleven lakh only), for replacing the existing 28 years old Mahindra jeep bearing registration number KL6/611 at Lower Periyar Power House.

Further, resolved to accord sanction to survey report the existing old Mahindra jeep bearing registration number KL6/611 at Lower Periyar Power House after getting the new vehicle. The custodian officer shall take initiative to survey report and auction of the condemned vehicle.

Orders are issued accordingly.
