ORDER

The civil works of the first Phase of the Chinnar Small Hydro Electric Project was awarded to the contractor, M/s PGCCPL-Aryacon Consortium on 20th April 2018 as per B.O dated 08.03.2018. The tunnel driving of 3125m length was one of the major activities under this contract. As per the project implementation schedule, this work was to be commenced on 26.11.2018 and to be completed by 12.01.2021.

The Chief Engineer (Civil- Investigation & Construction Central) as per the Note read as 1st above, has reported that the tunnel driving works have been successfully completed on 05.10.2020, which is three months ahead of the scheduled date of completion. This has been achieved in the midst of the COVID-19 pandemic due to which no works were possible for about 50 days. It is further reported that the hard work and diligent effort by the team of 25 KSEBL officials associated with the Chinnar Small Hydro Electric Project has eventually resulted in the successful completion of the 3125m long tunnel driving ahead of the targeted time.

The Chief Engineer has recommended that a Letter of Appreciation be issued to all the 25 officers (list appended) associated with this work under the Chinnar SHEP as a token of recognition which would keep the officials motivated.

The proposal was placed before the Full Time Directors as per Note read as 2nd above. Having considered the matter in detail, the Full Time Directors in the meeting held on 17.11.2020 resolved to issue a Letter of Appreciation on the hard work and the diligent effort

put in by the 25 officials (as per Annexure) in completing the 3125m long tunnel driving work under the first phase the Chinnar Small Hydro Electric Project ahead of the targeted date.

Orders are issued accordingly.
