2) Note No. DIRTSO-AE6/2023/983/217/30.03.2023 of the Director (T,SO,P,S& G-E) (Agenda Item No. 11/04/23).

ORDER

The Chief Engineer (Transmission System Operation), as per letter read as 1st above has requested sanction for hiring a jeep/equivalent vehicle above 1500 CC with driver, including detention charges, on contract basis for a period of three months every year during the Sabarimala pilgrimage season for the use of Communication Section, Moozhiyar with a monthly ceiling limit of 1500 km.

It is also reported that Communication Section, Moozhiyar functioning at Sabarigiri Generating Station has to maintain the communication equipments and protection couplers of various stations at Sabarigiri Generating Station. The section is also entrusted with the carrier communication of Sabarigiri and Kakkad Generating Stations and that of Kochu Pampa and Triveni 66kV Substations. These substations have vital role in maintaining power supply at Pampa and Sabarimala during the pilgrimage seasons. At present, the vehicle sanctioned for Communication Subdivision, Edappon is being utilizing for the scheduled maintenance works at Kakkad, Kochu Pampa and Triveni stations. Since Edappon is more than 100 km away from Moozhiyar, reaching these remote stations in emergency situations is time consuming. Further, it is very difficult to get a vehicle at the KSEBL approved rate of Rs.20 per km in the isolated project areas. The station being remote, the hired vehicle will have to be stationed in the premises during the hire period. If detention charges (rate for overnight halt) at the rate of Rs.500 per day as given to Electrical sections are also paid along with the kilometre rate, there could be more chance for getting the vehicle on hire.

The matter was placed before the Full Time Directors as per note read as 2nd above.

Having considered the matter in detail, the Full Time Directors in the meeting held on 20.04.2023,

Resolved to accord sanction for hiring a jeep/equivalent vehicle above 1500 CC with driver, including detention charges, on contract basis for a period of three months every year (from November to January) during the Sabarimala pilgrimage season for the use of Communication Section, Moozhayar with a monthly kilometer ceiling limit of 1500 km.

Orders are issued accordingly.
